FROM THE FRONT DESK

Welcome Back

Welcome back. A lot has happened during the holiday break with both the school and the staff. Firstly we would like to congratulate Mrs McNamee on the "Birth" of her baby son. We would like to also welcome Mr Fogg as the teacher of 1M for the rest of the year. Mr Fogg has been working at the school for a number of years in different capacities and it is great to see him in the classroom. Over the school holidays, almost all the classrooms have had Interactive Whiteboards installed and are all in use. The upstairs classrooms will be having theirs installed next week. This is a great tool for the students to learn with and learn about. With the increasing emphasis on technology in our children's lives, it is important that they have the best possible start. The Kindergarten classes and a Year 1 class have also had brand new heating installed to keep the students warm in winter, and our solar panels have been replaced and fitted with alarmed panels for security. With all the talk about Carbon Tax, our students can see on the computers how much energy we save and get from our solar panels.

Sport in Schools/Sport News

The very successful Sports in schools program will be running again this term at \$4.00 per child. Photos showing some of the activities from last year can be found on the school website. Every week, new equipment is brought to the school and the students never use the same piece of equipment twice. The program will run on Friday's during PSSA times for years 3 to 6 and in the afternoon for years K to 2. PSSA starts tomorrow and the teams are the winter sports which include Rugby League, Touch Football, Soccer and Netball. The students who were in the teams last term remain in their teams. Students are reminded that it is \$4.00 for the bus and that they need to bring a hat and a drink. Congratulations to Kobi Collins who was selected for the Opens NSW Rugby League side. Kobi will be heading to Melbourne to represent the State against the rest of the country. The school will be holding some fundraising events in the coming weeks to help Kobi with the costs of accommodation and travel.

The NED Show

The Ned Show is coming to Tregear on Tuesday 2nd August. It is an all-school assembly program, designed to promote positive attitudes, better behaviour and improve academic achievement through character education. The Ned Show has motivated more than 23 million students in the past two decades and will perform at over 5,500 schools in cities around the world this year. Presented through storytelling, humour, visuals and audience participation, the NED Show will motivate...encourage...INSPIRE your kids to become Champions at school and in life. Best of all, every student from Kindergarten to Year 6 will attend and it is free!

Aboriginal Dancers

Congratulations to our Aboriginal Dancers who represented the school at two different events at the end of last term. First they went to Westmead Children's Hospital to perform for the children and staff. They then went to the local Tregear Presbyterian Preschool to help celebrate their NAIDOC day. Many of the performers had little brothers or sisters that were at the preschool and it was a great community event.

School Nurse/Baby Clinic

The Early Childhood Nurse/Baby Clinic is open every 1st and 3rd Friday of each Month. The dates this term are 5th August, 19th August, 2nd September and 16th September. It offers a lot of services to help mothers with all sorts of things such as advice, referrals to doctors and baby techniques.

Donation For Our Breakfast Club

Thank you to Rooty Hill RSL Club and the Community Development Support Expenditure Scheme (CDSE) for their continued support of our Breakfast Club. We received \$2000 this week from this organisation to assist with our on- going costs with the Breakfast Club.

Walk Around The world

The 2011 Global Children's Challenge, a free initiative to encourage primary kids to be more active on a daily basis, kicks off on 15th September. This is achieved in a unique and engaging way by challenging students to undertake a 'virtual walk' around the world in 50 days. This year's challenge will involve 120,000 school children from around the world walking their way to a healthier future. It is open to any class in the last three years of primary school and each child is provided with a pedometer to measure their activity levels. Classes typically participate as a team. For more information and application forms go to: www.gccjunior.org **Registrations close 31 July 2011.**

School Flag Parade

On the first Saturday of the holidays, Kyle and Luke Terkildsen represented the school as Flag Bearers at the School Flag Parade. This was just before the Panthers vs Bulldogs game and the boys did well walking around the field wearing their school uniform. The school would like to thank the boys and their family for giving up a night of their holidays.
